

**Minuteman**<sup>®</sup>  
More Than Just Clean

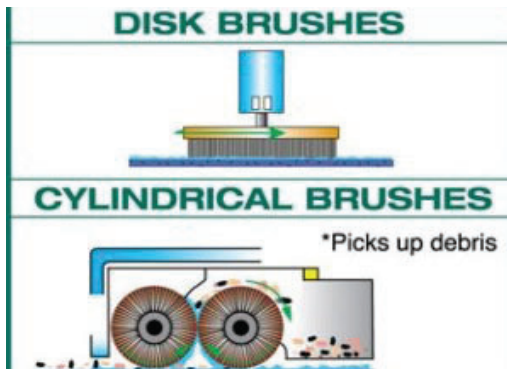

## E20 CYLINDRICAL Walk-Behind Commercial Scrubber

- Sweep And Scrub Simultaneously
- Watering System Leads To Reduced Dust In The Air While Sweeping
- Excellent For Cleaning Tile Floors With Grout Lines
- Floating Head Is Perfect For Uneven Or Rough Floors

The E20 Cylindrical Scrubber reduces the need for pre-sweeping. Minimizing overall labor costs and improves productivity

**Minuteman**<sup>®</sup>  
More Than Just Clean

Cylindrical scrubbing utilizes counter rotational brushes that mechanically lift debris while cleaning. Brushes turn in opposite direction of each other and facilitate pre sweeping for many applications. It is especially effective for all types of three dimensional flooring with it's unique ability to clean deeper in uneven surfaces.

#### E20 Cylindrical Technical Data

Cleaning Path Width	20"
Squeegee Width	33"
Theoretical Productivity	27,280 ft <sup>2</sup> /hr
Working Speed	3.1 mph
Rated Voltage	24 volts
Vacuum Flow	65 cfm
Vacuum Waterlift	45 in
Vacuum Power	.60 hp
Drive Motor	1/5 hp
Brush Type	Cylindrical
Brush Motor	3/4 hp
Number of Brushes	1
Brush RPM	600 rpm
Solution Capacity	12 gallon
Recovery Capacity	13 gallon
Weight with Batteries	360 lbs

Minuteman's E20 Cylindrical with it's no tool simple brush change and heavy duty industrial deck assembly offers advantages that other small cylindrical scrubbers cannot match.

Easy to clean, hygienic tank 12 gallon solution tank and 13 gallon recovery tank.

On-board charger is convenient and allows the machine to be charged anywhere. When the on-board is charger is plugged in, the machine is not operable.

Easy-to-understand controls ensure that the machine is simple to operate.
